Keepers steal the show as Inter

packed 0-0 draw that kicked off the FIFA Club World Cup™ in Miami.

Al Ahly FC 0-0 Inter Miami CF | Group A

If the opening match between [Al Ahly FC](#) and [Inter Miami CF](#) indicates what is to come, then the [FIFA Club World Cup™](#) will be quite the spectacle for football fans.

The storied Egyptian side and Major League Soccer powerhouse kicked off the global showpiece with an action-packed 0-0 draw at Hard Rock Stadium in Miami on Saturday.

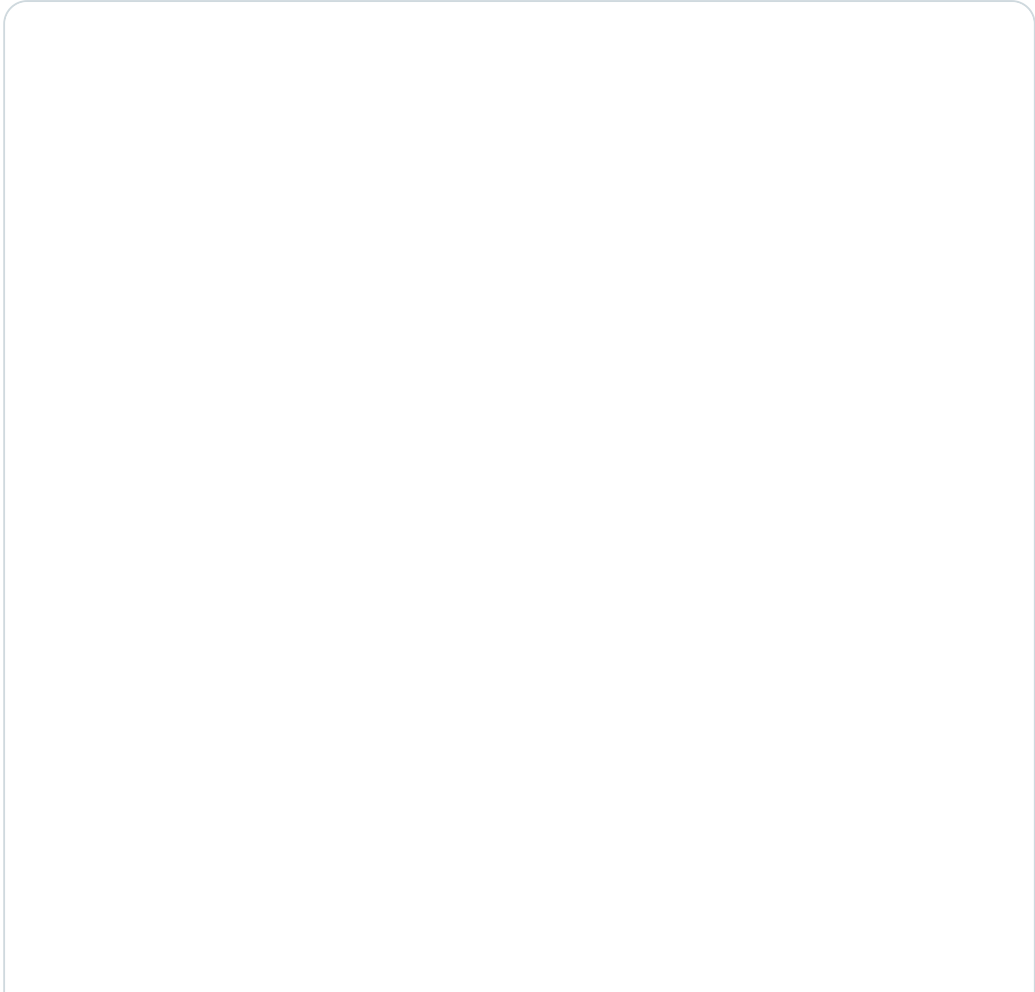

While all eyes pre-match were on Lionel Messi, it was the goalkeepers who starred for both clubs.

In the first half, Inter Miami survived waves of Al Ahly pressure thanks to keeper Oscar Ustari, who made five saves to keep the Herons level at half-time.

by Ielasco Segovia, but Ustari guessed correctly on Irezeguet's spot-kick, diving to his right to make the two-handed block.

Al Ahly needed the steady hands of goalkeeper Mohamed El Shenawy to escape an equally lively second half.

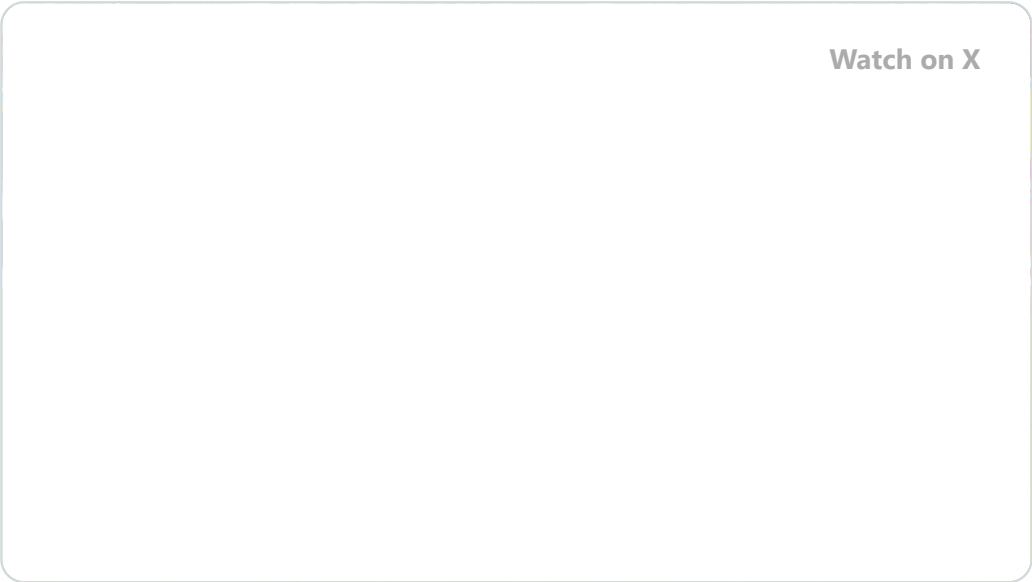

In the 51st minute, Tadeo Allende pounced on a loose ball in the box but saw his left-footed shot smothered by El Shenawy.

What a night it has been for the goalkeepers 🙌

Quotes

"We were much better than them, we moved a lot in transition and controlled the game and we had chances to score and win the game. Football is like that, maybe in the first half they had some

little lower than what we wanted and then we had some problems in transition with controlling our first pass. It's like we were playing in Cairo and that was a surprise for me in my first official match with Al Ahly. To be here in the States and have it like you were playing at home is something that can probably only happen in this."

Jose Riveiro, Al Ahly head coach

"This is more about the team than about being a hero. You always have confidence in yourself. In the penalty situation, there are people behind me who are always helping us. I represent them on the pitch, but the work they do with us off the field is crucial for moments like this to happen."

Oscar Ustari, Inter Miami goalkeeper
